

March 3, 2011

ABH has manufactured commercial door hardware in Chicago, IL for 20 years. ABH's main product lines consist of overhead holders & stops, pivots/pivot sets, hospital push/pull latches, rescue hardware, continuous aluminum gear hinges, continuous stainless steel pin and barrel hinges, electromagnetic door holders and power transfer units. All door hardware we manufacture contains stainless steel, aluminum and other metallic materials that are both found domestically and foreign.

ABH dedicates itself to quality, service and the environment. Being committed to the LEED process and Going Green, ABH is working to improve not only our methods and practices but also the quality of our products and their impact on the environment.

Detailed below are credits and recycle content ABH products can contribute to the LEED's project certification process.

Credits Include:

MR 2.1 Construction Waste Management

ABH packaging is produced, primarily from recycled materials. In an effort to reduce the amount of waste routed to landfills, ABH products can be bulk packed and our packaging itself can be recycled.

MR4.1 & 4.2 Recycled Content: ABH's products are manufactured using metals mixed of virgin and recycled materials to reduce impacts on the environment from extracting and processing of strictly virgin metals.

ABH PRODUCT	POST CONSUMER %	PRE-CONSUMER %	TOTAL RECYCLE %
Overhead Holders & Stops	80%	0%	80%
Hospital Push/Pull Latches	56%	0%	56%
Electro-Magnetic Door Holders	56%	0%	56%
Offset Pivots & Pivot Sets	70%	0%	70%
Center-Hung Pivots & Pivot Sets	70%	0%	70%
Rescue Hardware	80%	0%	80%
Continuous Stainless Steel Hinges	80%	0%	80%
Continuous Aluminum Gear Hinges	100%	0%	100%
Stainless Steel Edge Guards	80%	0%	80%
Power Transfers (PT105, PT180, PT200, PT1000)	100%	0%	100%

MR 5.1 & 5.2 Regional Materials: Extracted, Processed and Manufactured Regionally.

The above-mentioned products are manufactured by ABH Manufacturing, Inc. in Chicago, IL. If this facility is within 500 miles from the project site, they qualify for credit.

EQ4.2 Indoor Environmental Quality: Low Emitting Materials.

ABH products do not produce VOC emissions.
