December 2014

## Access Hardware Supply is Proud to Offer Allegion Connect... a quick and easy way to get better connected

**San Leandro, CA** – Allegion Connect is a cross category solution for Falcon<sup>®</sup>, IVES<sup>®</sup>, Schlage<sup>®</sup> and Von Duprin<sup>®</sup> access control products that utilizes interconnect components for electrified options. This wiring solution makes it quick and easy to connect power sources from the power supply all the way to electrified hardware. With anywhere from two to 12 wires coming out the product, mistakes in installation could affect the whole connection and result in wasted time, money, and frustration. With Allegion Connect, one can ensure that the wiring is correct the first time.

Key features include:

- Quick: common connectors mean faster installations
- Precise: factory-installed connectors ensure wires match-up
- Interchangeable: all products utilize the same connectors which allows for simple upgrades and replacements
- Reduced maintenance: no wire cutting
- Protection: connectors protect connection points throughout the installation process and the lifetime of the opening
- Comprehensive service kit: provides benefits throughout the opening

**About Access Hardware Supply**

For over 25 years, Access Hardware Supply has been the premier distributor of locking hardware and security control products from leading manufacturers. It proudly provides its customers with outstanding service and support at all times. The staff is highly trained, courteous and has the technical knowledge needed to solve any application challenge that could potentially arise. Access Hardware is an authorized distributor known for an extensive inventory of quality products from top manufacturers that are kept in stock to ensure fast and accurate delivery. Service, Knowledge, Inventory...these are the “search terms” that bring up Access Hardware Supply.
