

Peace of Mind

11 Line Bored Locks

Clean bill of health.

SARGENT's 11 Line is the ideal solution for the toughest environments within healthcare facilities. The unique T-Zone construction provides strength and reliability that easily exceeds ANSI/BHMA Grade 1 requirements for torque and cycle testing. The design also simplifies facility maintenance by utilizing a single lock body for all functions. Flexible, durable, reliable – this lock can take whatever you give it.

Features

- 18 functions available, including Hospital Privacy; many functions are field changeable requiring no additional parts
- Simple cylinder removal provides easy change outs
- 10-year limited warranty
- Made from 68% post-consumer recycled content as per LEED MR credit 4
- Available in 10 hardware finishes and Microshield® antimicrobial coating
- Integrates into most existing facility's key systems - accepts SARGENT key systems including patented Degree and Signature; also accepts Schlage® and Medeco LFIC
- Retrofits any standard cylindrical lock door prep and is non handed

Strength and Cycle Testing

- Withstands more than 2 TIMES ANSI/ BHMA A156.2 Grade 1 torque force on a locked lever
- Tested to 15 times the standard in ANSI/BHMA A156.2 Grade 1 cycle testing. 15 MILLION cycles equals over 55 years of opening life in many facilities!

Benefits

Safe and Secure: Torque resistant construction provides ability to withstand tough environments like healthcare facilities, keeping occupants and property safe and secure

Lower Cost of Ownership: Fewer inventoried parts means less management and high number of opening cycles provides long life.

Reliable and Durable: Independently-verified cycle testing proves the 11 Line will last the lifetime of the facility

Sustainable: Contributes to your sustainability efforts - less lock replacements due to long life and high post-consumer recycled content

Healthy Environment: Microshield™ coating available; supplements your cleaning protocol for a healthier environment to keep germs at bay

Security Continuum

Using a combination of the 7, 10, and 11 line locks, each opening can have the right level of strength and durability - all with the same key system and cost-effectively

MicroShield®

As part of their promise to provide innovative solutions to their customers, certain ASSA ABLOY Group brands offer the MicroShield® technology, registered with the EPA and FDA. Microshield® is a silver-based antimicrobial coating designed to inhibit the growth of bacteria. MicroShield® is a registered trademark of Yale Security Inc., an ASSA ABLOY Group company.
