Trimco, 2017

Thank you!

2016 was a historic year for Trimco. We moved from our home of 65 years in Los Angeles to a new, modern facility in Oceanside, California. This transition was not without challenges, but it enables Trimco to become more efficient and responsive to our customer's needs. Moving is never easy, especially after 65 years of accumulation. We are now past the point of "Where is that box of parts or tooling?" and back-to-business!

THANK YOU for the continued support and understanding. We have been humbled by the phone calls and emails with words of encouragement. With your support and new products like the LDH100 Series Lockdown Hardware, we are poised for a great 2017.

Trimco. Fiercely Independent since 1949!
