## PROTECT AMERICA'S TRANSPORTATION INFRASTRUCTURE WITH A MEDECO INTELLIGENT KEY SYSTEM

America depends on its transportation system to move people and goods quickly, safely, and securely. That is why it is imperative that this critical infrastructure sector is protected by a sophisticated physical security and access control system that will thwart or prevent physical attacks and cyberterrorism.

Medeco Security Locks, an American company revered for its 50+ years of providing high security locks and locking systems, stands ready to assist America's Transportation Systems and Facilities. The Medeco Intelligent Key solution adds security, regulatory compliance and accountability to practically every opening in a fast and efficient way. Applications include airports and railyards; truck, bus and train terminals; shipping and port terminals; and pipeline systems. With Medeco, no hard wiring is required so installation is fast, easy and cost-effective!
