DESCRIPTION

CAMDEN DOOR CONTROLS CM-800 Series remote door release switches are surface mount switches available in either a weather resistant aluminum box or a low profile plastic case, with a panel mount rocker switch. The rocker switches are either SPST maintained or SPDT momentary, and are rated 20A @ 125/250 VAC.

APPLICATION

Camden Door Controls CM-800 series of remote door release switches are designed for releasing maglocks or door strikes. They are ideal for under desk mounting in reception areas.
