SECURED SERIES

A Secured Series™ Access Control Systems with Hub Manager™ Professional Access Control Software is a smart and easy to use solution for small to midsize applications.

Fast and powerful management reports meet the requirements of the mainstream commercial access control market and Hub Manager Professional Software uses access levels for construction of logical groupings of doors, sites, and time zones.

Hub Manager Professional features a set of programming wizards that make system set up and system modifications easy for the end-user. Build new access levels, construct remote sites, add door after door, add operators and set privileges – the most complex operations for other access control systems – are made easy with Hub Manager Professional's programming wizards.
