

FALCON

MA Series Mortise Lock

Grade 1 performance featuring lever or knob trim

The MA series is one of Falcon's toughest, most dependable locks. It delivers high performance at an affordable cost for your office, education, healthcare, multi-family and other commercial needs. The MA series products make retrofits easy with the ability to be rehand in the field without opening the mortise case. With BHMA Grade 1 Security, BHMA Grade 1 Operational along with UL 3 hour ratings, the MA Series is designed to meet your needs.

Features and Benefits:

Easy rehanding

1" stainless steel deadbolt with security roller pins

28 total functions with 23 ANSI listed

Flexible trim and finish styles to meet any design style

2 piece, antifriction stainless steel field reversible latchbolt

Forged escutcheons for added strength

MA Series Grade 1 performance featuring lever or knob trim

Options include:

- Abrasive lever
- Knurling
- Lead lining

Cold formed steel zinc plated dichromate for corrosion resistance

Forged escutcheons for added strength

Independent lever rotation in both directions

Lever trim with independent heavy duty springs

Two piece stainless steel anti friction field reversible latchbolt

Non-handed strike for field reversibility

Select functions with "Stop Works" feature

The changing of the outside trim from locked to unlocked or vice versa is performed via button on face of mortise

Same great designs that can be suited with a variety of Falcon lock products.
