  Generate fire muster report. (PC, Smart Phone and Tablet)

## Gym

#### Your Need:

- Restrict access to only paying members
- Reduce fraudulent claims by members or staff
- Utilize mobile phones, cards or fobs as credentials

#### **Your ACT365 Solution:**

- ACT365 integrates with club membership software
- Ensure only paid up members have access to facilities
- Video playback, event reporting and alarms
- Use pin codes, fobs or cards for access

### **Construction Sites**

#### Your Need:

- Secure your construction site and its equipment
- Comply with Health & Safety Regulations
- Limited IT infrastructure local to the site

#### **Your ACT365 Solution:**

- Complete access control and video solution (protect site, equipment and employees)
- Generate an accurate fire muster report (PC, Smart Phone & Tablet)
- Use GSM to enable communication

## **Property Management/Rental Companies**

#### Your Need:

- Protect your building and tenants
- A security system that you can view centrally but manage remotely
- Easily administer and revoke credentials for tenants gates, car parks and doors

#### **Your ACT365 Solution:**

- Complete access control and video solution
- Access all your ACT365 sites from anywhere, at any time, from any device
- Use pin codes, fobs or cards for access

## **Remote Sites**

#### Your Need:

- To secure a remote site such as telecoms tower, water tower, or electrical substation
- Limited IT infrastructure local to the site
- Burden of administering cards, fobs or keys

#### **Your ACT365 Solution:**

- Complete access control and video solution
- Use GSM to enable communication
- Use pin codes, fobs or cards for access
- Deployable across multiple sites
- Reports centrally, manage remotely

**ACT365** is a complete cloud based access control and video management solution that enables you to manage your security system from anywhere, at anytime.

## Access from Anywhere, Anytime and on any Device

ACT365 enables you to watch video footage, disable a user or open a door from any device at any time (PC, Laptop or Smart Phone), meaning that you can truly stay connected to your business wherever you are.

#### **Cloud Based Muster Reporting (Health & Safety)**

Using the **FREE** ACT365 App you can take advantage of real time muster reporting on any tablet or Smart Phone, and no need to wait for an emergency list to print.

#### Benefits at a glance

- Associate recorded video footage with access control events in a single system
- Always get video verification of cardholder with live views of doors
- Access from anywhere, at anytime and on any device
- Compatible with leading browsers (Internet Explorer, Google Chrome, Firefox)
- Smart Phone App for iOS and Android

#### No IT Investment or Headaches

You don't need a Local Server or a PC to run the software, as everything is accessed and managed via the internet. The system benefits from automatic updates, so you can rest assured you are always using the most up-to-date version.

#### **Multiple Sites**

If you have a multi-site business ACT365 helps you to manage all your sites and users from a single, unified friendly interface. PLUS deploying ACT365 across multiple sites is extremely cost effective as there is no need to purchase a local PC for each site.
