## Terms & Conditions of Sale

### Acceptance

ARROW LOCK reserves the right to decline an order, in whole or in part, when the type or quantity of goods or credit worthiness of the Purchaser is not satisfactory to us in our sole and absolute discretion.

Purchase Orders, Quote requests, Acknowledgements or the like issued by the Purchaser that have contrary standard terms and conditions are not binding on ARROW LOCK, unless such terms and conditions are approved in a separate written agreement by ARROW LOCK's authorized representatives. In the event of an acceptance of Purchaser's Purchase Order by ARROW LOCK, the Purchaser agrees that such acceptance is solely conditioned on Purchaser's acceptance of the terms and conditions set forth in this instrument, regardless of the terms and conditions specified in the Purchaser's Purchase order. The terms and conditions in Purchaser's Purchase order which conflict with terms and conditions of this instrument shall be disregarded and are hereby rejected, and this instrument shall constitute the entire agreement between ARROW LOCK and the Purchaser.

In the event that ARROW LOCK does not enforce or require strict performance of any term or condition hereof, or of any other document, instrument or other agreement relating to goods sold, such lack of enforcement or requirement of strict performance will not waive, affect or diminish any right of ARROW LOCK to enforce or require strict performance of such term or condition in the future.

### Prices

All prices are subject to change without notice and are not guaranteed. All shipments will be made at prices in effect at the time of order acceptance.

Possession of this price list does not constitute an agreement to sell. We reserve the right to correct clerical, stenographic and other obvious errors at any time.

### Terms

2% 10 net 30 days after invoice date.

It is understood that ARROW LOCK may impose and charge a finance charge which is the lesser or one and one-half percent (1-1/2%) per month or the highest rate allowed by law on any amount which becomes past due and delinquent. Additionally the customer shall be responsible for all collection costs, court costs and reasonable attorney's fees (where allowed by law) in connection with the recovery of any delinquent amount.

### Freight

All orders are shipped FOB factory/warehouse, except as expressly provided below. When delivered to the Transportation Company, the Purchaser assumes the risk of loss or damage in transit.

Customer orders with net product value in excess of \$5,000.00 will be shipped prepaid by ARROW LOCK's carrier of choice and routing to a single destination point in the United States.

Customer orders with net product value less than \$5,000.00 will be shipped prepaid by ARROW LOCK's carrier of choice and routing and shipping and handling charges will be added to customer's invoice.

If the customer requests an expedited method of shipment such as "Next Day Air" the charges will be prepaid by ARROW LOCK and the full rate for the service, as published by the carrier, will be added to the customer's invoice.

Great Grand Master keys, Grand Master keys, Master keys, Construction Master keys, Control Keys, which are shipped separate from customer order for security reasons, on orders with net product value in excess of \$5,000 will be shipped prepaid by ARROW LOCK's carrier of choice. If the total order value is less than \$5,000.00, the shipping charges will be added to customer's invoice.

ARROW LOCK will pack, mark and ship the products according to its standard procedures for shipment, unless the parties agree, in writing, that ARROW LOCK will comply with any special instructions provided by the customer. Special instructions must be submitted, in writing, at time of order placement. Compliance with special instructions may result in an increased price.

## Terms & Conditions of Sale

### Minimum Invoice

Minimum invoice for complete product is \$200.00 net product value. The minimum invoice for parts orders is \$100.00 net product value. In the event that the net product value does not meet the required net minimum, ARROW LOCK may, at its sole discretion (a) apply a minimum order charge, (b) reject the order or (c) waive the minimum requirement provided that the waiver of the requirement for one order shall not constitute a waiver of the requirement for any future orders.

This policy does not include the following: Cut (bitted) Keys of any type, Master Keyed Cylinders, Master Keyed Padlocks and factory-generated bitting Lists.

Same day order expedites will be invoiced at book net.

### Quotations

If ARROW LOCK elects to offer a quote; such quote will be valid until the expiration date on that quote. Complete shipment of the order must be accepted by Purchaser within standard lead times.

The quote number must be referenced on the order. Any invoiced order that has the incorrect discount applied to it and did not have the quote number written on the order will have a service fee of \$100.00 net DEDUCTED from any sales credit issued for the difference in discount.

The quote is null and void if the Purchase Order does not include ALL product lines listed on the quote or if the quantities for an item covered by the quote deviate by 10% or more.

With the issuance and acceptance of a quote for the purchase of products, the Purchaser agrees that products so purchased will not be resold or transferred to any Distributor not authorized by ARROW LOCK to sell its products. This would be inclusive of branches of the quoted Distributor. Failure to abide by this restriction may result in the Distributor's ineligibility for Price Concession Authorizations, or other actions in ARROW LOCK's discretion.

ARROW LOCK and its sales representatives reserve the right, in their sole discretion and for any reason, to refuse a Distributor's request to quote a price other than ARROW LOCK's standard list price and regardless of whether ARROW LOCK or its sales representatives have previously quoted discounted prices to the Distributor on some or all of its orders.

### Non-Cataloged Products

Products not cataloged or listed in this price book will be considered as special products, and will not be manufactured without prior approval from ARROW LOCK. All non-cataloged goods cannot be changed or cancelled.

A minimum special handling charge of \$50.00 will be added for non-cataloged product. Any additional labor or material required will be charged accordingly. Any additional labor or material required will be charged accordingly.

Special products require special handling, and therefore standard lead times may not apply. Please consult with your Sales Representative for further details.

### Change or Cancellation of Orders

Changes or cancellations to an order will result in a charge of costs for material and labor expenses that have been incurred prior to notification from customer. Handling charges are billed on customer's original order. If products have already been made and/or are located in the shipping room, a 45% restocking fee will apply.

Arrow Express Orders may not be changed or cancelled.

Except for the reasons stated above, all change requests must be submitted in writing to customer Service within two (2) business days of receipt of acknowledgement of the order.

### Add-On Orders to Quote

Any new order requesting special pricing to match an existing quote number, which has already been ordered, will be accepted up to sixty (60) days after the acknowledgement of the original order. All add-on orders must reference the original factory order number and the corresponding quote number to receive the quoted pricing discount. Add-on orders for stock will not be accepted.

# Terms & Conditions of Sale

## Delivery

Orders will be acknowledged and given a scheduled delivery date based on estimated manufacturing lead times. Complete information is required to process all orders. Orders with insufficient information for processing (i.e. keying information, door sizes, etc.) may be subject to extended lead times which are relative to the time required in obtaining the necessary information for order processing. Manufacturing lead time will begin once all information is received to process an order. ARROW LOCK will use reasonable efforts to deliver products as estimated, but makes no guarantees as to delivery dates.

ARROW LOCK will not be liable for back charges incurred based on availability of product or as a result of delays in delivery caused by insufficient information required to process an order.

ARROW LOCK will not be held responsible for delays in delivery caused by strikes, fires, floods or any other causes beyond our control, including the delivery of material to us. Under no circumstances shall ARROW LOCK be liable or accountable for consequential damages due to failure of delivery.

## Claims

In the event of Company or customer error, claims for shortages, pricing errors and/or incorrectly filled orders must be submitted in writing to Customer Service within thirty (30) days from receipt of material.

Any claims for shortages or damage by the Carrier must be made by the customer directly to the Carrier.

## Invoice Deduction

An ARROW LOCK Sales Representative or Customer Service Representative must be notified of any disputed invoices within sixty (60) days from the date of invoice. Deductions should only be taken for the disputed amount and the balance of the invoice is due and payable within standard payment terms.

## Returned Goods

It is the policy of ARROW LOCK to not accept returns of any materials that are correctly furnished as per the Distributor's Purchase Order. Return of product due to customer order error or accommodation must be pre-arranged with ARROW LOCK and approved in writing by Sales Management.

All products returned as "Goodwill" must meet the following criteria to be considered a return:

- Be in original, unmarked, and undamaged cartons
- Be valued in excess of \$200.00 net
- Shipped and invoiced within the previous one-hundred twenty (120) days
- Custom, non-cataloged goods, master-keyed or ARROW LOCK Arrow Express shipped products are not returnable

A MINIMUM restocking fee of 45% will be charged. Upon receipt and verification by ARROW LOCK that the returned merchandise meets the foregoing conditions, a credit will be issued for the original invoice amount less the MINIMUM 45% restocking fee. Defective goods and "Goodwill" products that meet the foregoing criteria may be returned by fulfilling the following conditions:

- Send an RGA request in writing to the ARROW LOCK Sales Representative serving the Purchaser's area
- Ensure the RGA labels that are sent to Purchaser by ARROW LOCK are visible on return goods shipment
- Ensure that the RGA number appears on the return shipment label and is legible
- Return the authorized merchandise within sixty (60) days from the date of RGA issuance date
- Return shipments must be freight prepaid to the location specified on the RGA. ARROW LOCK is not liable for damages to product during shipping.

No credit may be taken or issued prior to RGA approval and receipt of product. All defective goods within the terms of our limited warranty may be returned for credit or replacement.

## Terms & Conditions of Sale

### Taxes

Prices do not include any present or future Federal, State, or Local property, license, privilege, sales, use, and excise, gross receipts or other like taxes or assessments, which may result from transactions or any services performed in connection herewith.

### Governing Law

The rights and obligations of the parties shall be governed by the laws of the State of New York, excluding any conflicts of law provisions. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement.

### Limited Warranty

The Terms and Conditions outlined above are subject to ARROW LOCK Limited Warranty, which is included in this Price List and incorporated herein by reference.

### Product Modifications

ARROW LOCK products are not designed for or intended for aftermarket modification. The warranty on ARROW LOCK products becomes void if the product is modified in any way, regardless of whether the modification causes or contributes to any alleged defect. Warranty voiding modifications include, but are not limited to, third-party electrification of non-electric products and/or the installation of non-approved or non-ARROW LOCK components.

If an ARROW LOCK product is modified it no longer meets industry certification and quality control standards applicable to the original product and is no longer a genuine ARROW LOCK product. A modified product may not be sold as an ARROW LOCK product and no ARROW LOCK trademarks or certification marks based on the original ARROW LOCK product, such as U.L. or ANSI/BHMA marks, may appear anywhere on the modified product or on any packaging, literature or instructions sold with the modified product.

All original ARROW LOCK packaging and literature carrying ARROW LOCK trademarks and must be destroyed if the original ARROW LOCK product is modified. Portions of the product that carry an ARROW LOCK trademark or certification mark, such as mortise faceplates, lock bodies, etc. must be discarded and/or replaced by the party making the modification. U.L. and other certification testing and marking are also the responsibility of the party making modification. The use of ARROW LOCK trademarks on modified products constitutes trademark infringement.

### Individual Components

Component parts including but not limited to latches sold separate from locksets are intended to be sold as replacement components for appropriate ARROW LOCK products only. All other uses require prior written approval from ARROW LOCK.

### Fire-Rated Openings

Any retrofit or other field modification to a fire-rated opening can potentially impact the fire rating of the opening, and ARROW LOCK makes no representations or warranties concerning what such impact may be in any specific situation. When retrofitting any portion of an existing fire-rated opening, or specifying and installing a new fire-rated opening, please consult with a code specialist or local code official (Authority Having Jurisdiction) to ensure compliance with all applicable codes and ratings.

### Technical Information and Advice

(a) All designs, data, and specifications provided by ARROW LOCK are proprietary and will not be disclosed or reused by customer without the prior written consent of ARROW LOCK; (b) ARROW LOCK assumes no obligation or liability for any advice given by ARROW LOCK, the results obtained, or damages incurred, and all such advice is given and accepted at customer's risk.

### Trademark Use

ARROW LOCK is a registered trademark of ARROW LOCK Manufacturing Company.

Other product brand names may be trademarks or registered trademarks of their respective owners and are mentioned for reference purposes only.

# Limited Warranty

## Limited Warranty

ARROW LOCK warrants that its products sold under the ARROW LOCK trade name in the United States of America are free from defects in workmanship and materials under normal use and service.

This warranty does not cover defects or damage arising from improper installation, lack of or improper maintenance, improper storage, shipping and handling, corrosion, erosion, ordinary wear and tear, misuse, abuse, accident, unauthorized service, or use with unauthorized non-ARROW LOCK products or parts. This warranty is void if any modification is made to the warranty product, regardless of whether the modification causes or contributes to the alleged defect. All modifications are made at the risk of the party making the modification.

The only liability of ARROW LOCK in tort or contract whether under this warranty or otherwise shall be limited to the repair or replacement of any product or component part which shall prove defective as covered by this warranty. The warranty period after delivery to the original purchaser in all cases is as follows:

## Warranty Requirements for Cylinders Factory or Field Combined

Cylinders shall be periodically lubricated depending on environmental conditions. Petroleum based lubricant is recommended. Petroleum based liquid lubricants should only be used in cylinders in harsh or corrosive environments and should never be mixed with dry lubricants.

## Warranty for cylinders Field Combined

1. Keys shall be cut to the ARROW LOCK key biting specifications required for the particular keyway and depth system.
2. All pin lengths shall be selected according to prevailing factory standards.
3. Original ARROW LOCK cylinder components, including pin tumblers and key blanks, shall be used. We reserve the right to void the warranty if we deem that a malfunction is a result of non-original components which do not conform to ARROW LOCK® standards.

## Keying Systems

All bittings shall be originated or authorized by the ARROW LOCK Key Systems Department to be compatible with one another in a specific type of cylinder (conventional, security, high security, interchangeable core, removable core) and within a particular keying system.

## General Procedure/Finishes

### General Procedure

ARROW LOCK will not pay for the cost of repair, replacement, or associated charges under this warranty unless prior written authorization has been given by ARROW LOCK.

Refer to our Returned Goods Policy regarding the return of a product or component part believed to be defective as covered by this warranty. A brief description of the defect will be required. Product will be examined upon return. In the event such examination reveals a defect covered by this warranty, the product will be repaired or replaced.

THIS WARRANTY IS IN LIEU OF ALL OTHER EXPRESS WARRANTIES. TO THE EXTENT PERMITTED BY LAW, ALL IMPLIED WARRANTIES ARE LIMITED TO THE DURATION OF THIS WARRANTY. ARROW LOCK MANUFACTURING COMPANY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES. NO AGENT, SALES REPRESENTATIVE OR DEALER HAS THE AUTHORITY TO INCREASE OR ALTER THE OBLIGATIONS OF THIS WARRANTY.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

## • Fail-Safe Trim Control

Power on locks outside lever. Inside lever always free. For options 185, 186, 187, and 188, latch retracted by key when locked electronically.

## • Fail-Secure Trim Control

Power off locks outside lever. Inside lever always free. For options 185, 186, 187, and 188, latch retracted by key when locked electronically.

## • Latchbolt Monitoring

Full extension of the latch monitored by a SPDT switch.

## • Request to Exit — Authorized Egress

Inside trim monitored by an SPDT switch. Switch can be used to shunt a door alarm to allow egress, signal a control console when the trim is activated, or activate a door alarm.

## • Electric Latch Retraction

Provides a remote means of unlocking exit devices by momentary or maintained latch retraction.

## • Signal Switch

Consists of two SPDT switches that monitor the touch bar and main latch. This feature also allows for alarm shunt via a mortise cylinder (not included) located on the tail of the exit device

## • Electric Dogging

Simultaneously provides continuous latch retraction and dogging. When energized, first time mechanical activation of the push bar will continuously hold the latch retracted. When power is removed or interrupted, the latch bolt will extend and the push bar released.
